COMPLETE LINE OF HEARING AIDS

If you have hearing loss comes try the latest in hearing aid technology at R.W. Petruso Hearing & Audiology Center. With 10 locations serving Western PA, Doctor Rob Petruso has been a hearing aid wearer since the age of 5 and is very knowledgeable in the audiology and hearing aid industry. With the latest in digital technology, modern hearing aids can be small enough to be comfortable and almost undetectable. We have various styles and levels of hearing aid technology available to you to fit your lifestyle and budget. With no obligation to buy, we offer a 30 day trial return policy and offer free batteries with each hearing aid purchased.

CUSTOM EAR PLUGS FOR EVERYONE

When you want comfortable custom ear plugs or ear buds visit the experts at R.W. Petruso Hearing & Audiology Center. We provide a complete orthoscopic ear exam and will discuss with you your specific Noise Reduction Rating need. From light sleeping to heavy duty industrial noise dampening we can help. Ear plugs and ear buds are custom molded to your ears to ensure a perfect fit and the level of noise dampening you require. With a quick turnaround time, we will fit your custom earplugs to you for the utmost in comfort and hearing protection.

Our Custom Fit Ear Plugs and Ear Buds Include:

- ☐ Custom ear plugs- For musicians, industrial use, sleeping and more
- ☐ Custom swimming ear plugs - For children and adults in a variety of colors
- ☐ Custom ear buds for portable music / Bluetooth - Comfortable for extended wear, great for workouts

OSHA INDUSTRIAL HEARING TESTING

If you require hearing tests for your business or manufacturing facility, call the experts at R.W. Petruso Hearing & Audiology Center. Serving all of Western PA we can bring our mobile audiometric testing unit to your site for testing. All of our testing and calibration procedures, as well as recordkeeping, are in compliance with applicable OSHA and other regulatory requirements.

Our Industrial Hearing Test Services Include:

- ☐ *Mobile on-site hearing tests*
- ☐ *In office hearing evaluations*
- ☐ *Licensed, professional hearing screenings*
- ☐ *OSHA standard results*

Let us help you do your part to comply with OSHA's hearing conservation programs for the workplace.
